RECOMMENDATIONS BY MERRICK BOBB AND OFFICE OF INDEPENDENT REVIEW  
REGARDING THE JAIL SYSTEM

**COUNTY OF LOS ANGELES - SHERIFF'S DEPARTMENT**

The purpose of this document is to provide a status of the recommendations by date and title, prepared by Special Counsel Merrick Bobb, the Office of Independent Review, and the Board of Supervisors.

- I. Install surveillance cameras at the Men's Central Jail, the Inmate Reception Center and the Twin Towers Correctional Facility within 30 days and develop a plan to purchase and install surveillance cameras at the remaining jail facilities.**

Recommendation implemented.

The Department has installed all cameras at Men's Central Jail (MCJ), Twin Towers Correctional Facility (TTCF), and the Inmate Reception Center (IRC). All cameras are operational and recording. The table below details the number of cameras and completion date for each facility:

Facility	Number of Cameras	Date Fully Completed
MCJ	705	May 31, 2012
TTCF	750	November 30, 2012
IRC	104	November 30, 2012

**Data Storage**

The Department is currently recording and storing all video at 10 frames per second and will retain all video for a period of 12 months.

**Policy**

The Sheriff's Department has implemented new policies to properly inspect and secure all equipment associated with the video surveillance system. The Department's new force policy, effective January 1, 2013, requires personnel to write their report prior to viewing any video recording of force incidents.

**Use**

The surveillance camera system has proven to be a valuable tool. The data we have received by analyzing the individual recording of each force incident has led to enhanced training, better accountability, and invaluable evidence for identifying misconduct, defending against civil claims, and prosecuting criminal conduct.

*The tables below show the extent to which use of force incidents were captured on video in 2013.*

Uses of Force	Video	Percentage
299	264	88%

**Note:** Not all force incidents are capable of being captured on video due to blind spots. In addition, the cameras were installed based on high risk locations within the facilities, which leaves some areas without coverage.

As with all complex technology systems, the CCTV system has experienced some isolated camera outages. With over 1500 cameras in operation, even a small percentage of malfunctions can equate to several monthly outages. Outages that pertain to the camera itself are reported to Facilities Services Bureau (FSB) who handles the repair or replacement of the cameras. Outages that pertain to network issues are reported to Data Systems Bureau (DSB) who insures that cameras are restored back onto the network. *In the month of August, FSB addressed 10 maintenance issues and DSB addressed 4 maintenance issues.*

*Notable CCTV related incidents in August include the following:*

- *At MCJ, an allegation of force was investigated and the deputy was cleared of any force wrongdoing. In reviewing the CCTV video, however, a violation of "General Behavior" was observed and an administrative investigation was initiated.*
- *At MCJ, there was a dorm disturbance and a resulting use of force that was NOT captured on video as there currently is no CCTV coverage in that area. The Department's current proposal for expanding the CCTV system addresses the lack of coverage in this location.*

RECOMMENDATIONS BY MERRICK BOBB AND OFFICE OF INDEPENDENT REVIEW  
REGARDING THE JAIL SYSTEM

- *At TTCF, there were five separate use of force allegations made by inmates that were all refuted by CCTV video evidence.*
- *The Jail Investigations Unit (JIU) identified six cases in August in which video evidence corroborated an inmate victim's allegation of an assault or robbery by another inmate. All six cases are now being investigated for possible criminal prosecution.*

**II. Eliminate the use of heavy flashlights as batons to subdue inmates.**

Recommendation implemented .

The Sheriff has directed and approved a new policy to limit the size and weight of the flashlight. The policy specifies that the flashlights shall not weigh more than 16 ounces, and shall not be more than 13 inches in length. Flashlights longer than 6 inches shall be of plastic or nylon composite material only. The Custody Division Manual (CDM) section 3-06/055.20 Flashlights, was published on May 23, 2012. The policy was implemented on September 1, 2012, in order to provide a reasonable period of time to acquire policy conforming flashlights.

In August, 2012, all Custody Assistants were issued a new high quality flashlight made of durable lightweight composite material, approximately 13 inches in length. All Deputies were provided a light weight battery sleeve to bring their current duty-issued flashlights into compliance with the new policy.

**III. Eliminate the use of "steel-toe" shoes.**

Recommendation implemented.

On October 24, 2011, the Department made revisions to the existing "Footwear" policy (MPP 3-03/225.00). This policy was published into the Department's Manual of Policy and Procedures and disseminated to all personnel on February 10, 2012.

Research of existing personnel showed that Department personnel have never worn "steel toe" boots in any capacity; however, the Department formally revised the policy to strictly prohibit any use of "steel toe" boots.

RECOMMENDATIONS BY MERRICK BOBB AND OFFICE OF INDEPENDENT REVIEW  
REGARDING THE JAIL SYSTEM

**IV. Revise the Policy on Head Strikes with Impact Weapons to forbid all head strikes, including, but not limited to, head strikes against fixed objects such as floors, walls or jail bars, unless the standard for lethal force has been met.**

Recommendation implemented.

On October 10, 2011, the Sheriff initiated a "Force Prevention" policy (CDM 3-02/035.00) which provides direction for personnel relating to respect based treatment of incarcerated individuals. This policy was published into the Custody Division Manual and disseminated to all custody assigned personnel on November 8, 2011. The policy was then discussed with the ALADS working group in which revisions were made. The revised Force Prevention policy was republished and redistributed to all personnel in the jails on March 19, 2012.

On October 26, 2011, the Department made additions to the existing "Unreasonable Force" (MPP 3-01/025.10) policy and the "Activation of Force/Shooting Response Teams" (MPP 5-09/434.05) to strictly prohibit head strikes against a hard object. Unless otherwise handled by the Internal Affairs Bureau (IAB), the Custody Force Response Team (CFRT) responds to all force incidents where any head strike occurs, whether the strike is initiated by personnel, or by contact with floors, walls or other hard objects. The "Unreasonable Force" and "Activation of Force/Shooting Response Teams" policies were published into the Department's Manual of Policy and Procedures and disseminated to all personnel on February 13, 2012.

**V. Rotate jail deputies between floors at Men's Central Jail and other jail facilities at no less than six-month intervals.**

Recommendation implemented partially.

In January 2011, Men's Central Jail began rotating their staff no less than every six months. After consulting with ALADS, a new Custody Directive "Mandatory Rotation of Line Personnel in Custody" (12-001) was published and disseminated to all custody personnel on February 17, 2012, mandating the rotation of all Custody line personnel every six months within their assigned facility. All facilities (MCJ, TTCF, IRC, CRDF, MLDC, and all PDC facilities) began rotating personnel every six months effective February 17, 2012.

The Department is currently assessing the feasibility of rotating deputies amongst proximate custody facilities. There are several logistical, scheduling, and labor issues that need to be overcome before this could be accomplished. The Department sought volunteers to pilot a rotation plan among proximate jail

RECOMMENDATIONS BY MERRICK BOBB AND OFFICE OF INDEPENDENT REVIEW  
REGARDING THE JAIL SYSTEM

facilities. Fourteen deputies at the Pitchess Detention Center facilities volunteered; however, they placed restrictions on what facilities they would be willing to rotate to. The Department was not able to work those restrictions into a workable rotation program. The Department was unable to find volunteers at the downtown jail facilities. The Department has created a working group to explore other feasible ideas concerning the rotation of personnel amongst proximate facilities.

On April 18, 2013, the Department replaced the previous Custody Division Directive with a Custody Division Policy, CDM 3-01/020.05, "Mandatory Rotation of Line Personnel in Custody." In addition, The Department has increased the Custody Training program from four to six months. The Department has proposed to rotate personnel at the beginning of their fourth month in the training program. Personnel assigned to basin facilities will rotate between MCJ, TTCF, IRC and CRDF. PDC personnel will rotate between NCCF, East, North and South facilities. The Department is working with the labor union and the Implementation Monitor to implement this plan.

*The Department recently conducted an audit of personnel rotations at MCJ for the period of September 2012 through August 2013. The audit revealed that MCJ was over 97 percent compliant with the rotation policy. Only 2.4 percent of deputies and custody assistants in non-exempt positions had not rotated job assignments over a six month period. Audits are currently being conducted at the remaining custody facilities.*

**VI. Enforce the Anti-Retaliation Policy to prevent Sheriff's deputies from retaliating against inmates speaking with legal representatives or inmate advocacy groups or for expressing dissatisfaction with jail conditions.**

Recommendation implemented.

In August 2011, the Department made revisions to the existing "Treatment of Inmates" (CDM 5-12/005.00) policy to prevent deputies from retaliating against inmates. All staff assigned to Custody Division were provided a formal briefing on the revisions to the policy. The briefing began August 4, 2011, and continued for a two-week period. In addition, the Department redistributed the policy on October 25, 2011, for another two-week recurring briefing to ensure each staff member was fully aware of the expectations of the policy and mandated quarterly recurring briefings be conducted.

The Department made additional revisions to the existing "Treatment of Inmates" policy in order to separate and create specific orders relating to retaliation against inmates. The Custody Division Manual, "Anti-Retaliation Policy" (CDM 5-

RECOMMENDATIONS BY MERRICK BOBB AND OFFICE OF INDEPENDENT REVIEW  
REGARDING THE JAIL SYSTEM

12/005.05) mandates that all complaints of retaliation are forwarded to IAB; the captain of IAB will determine which unit will conduct the investigation. This revised version of the "Treatment of Inmates" policy and the new "Anti-Retaliation Policy" were published and disseminated to all custody personnel on February 27, 2012. In response to further discussions with the ACLU, the Department made some minor changes to the anti-retaliation policy to address investigative procedures. Those changes were effective December 4, 2012.

**VII. Interviews of inmates who make claims of excessive force should not be conducted by, or in the presence of, the deputies or their supervising sergeant involved in the alleged use of force.**

Recommendation implemented.

On October, 26, 2011, the Department made revisions to the existing "Use of Force Reporting and Review Procedures" (MPP 5-09/430.00) policy ensuring privacy during force interviews. This policy was published in the Department's Manual of Policy and Procedures and disseminated to all personnel on February 13, 2012.

The Department's new force policy, effective January 1, 2013, continues to satisfy this recommendation by ensuring privacy during force interviews.

**VIII. Interviews of inmates alleging use of force and any witnesses must occur as soon as feasibly possible, but no later than within 48 hours of the incident.**

Recommendation implemented.

On October, 26, 2011, the Department made revisions to the existing "Use of Force Reporting and Review Procedures" (MPP 5-09/430.00) policy directing supervisors to immediately conduct interviews. As noted in VII, this policy was published in the Department's Manual of Policy and Procedures and disseminated to all personnel on February 13, 2012.

The Department's new force policy, effective January 1, 2013, also mandates that supervisors conduct an immediate inquiry into any alleged use of force.

**IX. Develop a prioritization process for Use of Force Investigations to ensure that the most severe incidents are completed within 30 days and that all others are completed within 60 to 90 days.**

Recommendation implemented.

RECOMMENDATIONS BY MERRICK BOBB AND OFFICE OF INDEPENDENT REVIEW  
REGARDING THE JAIL SYSTEM

The Department developed the CFRT to ensure that significant force cases, not handled by IAB, are externally evaluated and completed within 30 days. Upon completion, they are reviewed by the newly formed Custody Force Review Committee (CFRC), which consists of three commanders. *The last CFRC was conducted on June 4, 2013, and included oversight by the Office of Independent Review (OIR). The next CFRC is scheduled for August 27. To date, the CFRC has reviewed 80 cases. Of those, 8 have been referred to IAB and none have been referred to ICIB.*

The Department continues to process the most severe incidents as IAB investigations, which are generally completed within 90 days unless unexpected circumstances arise.

The CFRT Directive was published and disseminated to all custody personnel on November 7, 2011. The aforementioned CFRT Directive was revised and published as a Custody Division Policy on May 23, 2012. The CFRC policy was published and disseminated to all custody personnel on April 16, 2012.

- X. Develop a plan for more intense supervision that requires jail sergeants to directly supervise jail deputies, including walking the row of jail cells and floors and responding as soon as possible to any notification of interaction where force is being used on an inmate.**

Recommendation Implemented at MCJ, however it is the recommendation of the Citizens' Commission on Jail Violence to fund additional supervisors and establish a best practice staffing level.

On October 27, 2011, the Department delivered a letter to the Chief Executive Officer requesting additional supervisory staff in the jails. However, the Department felt it was imperative to immediately increase staffing at MCJ.

Effective November 6, 2011, 19 sergeants were added to MCJ's current staffing to ensure the appropriate supervision was in place. These items were removed from other critical areas within the Department and deployed to cover both Day and PM shifts. Funding for these items was requested in a letter to the CEO on October 26, 2011; however, to date the request has gone unfulfilled. The sergeants were deployed to 2000, 3000, 4000, 5000, and 9000 floors, and a full-time sergeant was dedicated to 1700/1750. All sergeants were briefed on the expectations to be visible and actively monitoring activity on the floor at all times. In addition, the Department has completed "duty statements" for all custody personnel to ensure they have a full understanding of the expectations of their assignment.

RECOMMENDATIONS BY MERRICK BOBB AND OFFICE OF INDEPENDENT REVIEW  
REGARDING THE JAIL SYSTEM

*On October 15, 2012, in response to the Citizens' Commission on Jail Violence report, the Department sent another request to the CEO for additional supervisory staff in the jails. On August 6, 2013, the Department provided the CEO with a detailed analysis and cost break down for the additional supervisors.*

**XI. Immediately mandate that all custody medical personnel report all suspicious injuries of inmates to the Internal Affairs Bureau or the captain of the jail facility where the inmate is housed.**

Recommendation implemented.

On October 26, 2011, the Department's Medical Services Bureau revised the "Injury/Illness Report - Inmate" policy (M206.09) to include a provision requiring medical staff to advise the facility watch commander in the event an inmate reports/alleges that their injuries are the result of force used by a Department employee. This policy was disseminated to all medical personnel on October 26, 2011.

**XII. Report back on the role of the new jail commanders and how they will be used to reduce jail violence.**

As reported to the Board on November 1, 2011.

Since the implementation of efforts by the CMTF to reduce jail violence and associated use of force incidents, total significant uses of force continue to decline. Jail commanders are directly involved in auditing all use of force activity and compliance to policies, as well preparing reports regarding lessons learned and ensuring that best practices are developed and implemented. Two documents are attached relating to force incidents in the jails:

- Monthly Force Used by Category
- Force Year to Date – 2007 to 2013

For the year ending 2012, Custody Division had 478 uses of force, a reduction of 18 percent over the year ending 2011 totals. Of that, significant force was down 45 percent.

The CMTF has been down sized to one commander as more tasks have been concluded and many responsibilities have been transitioned to Custody Division personnel

The commander continues to work with each custody unit to accomplish the goals set forth by the Sheriff.

RECOMMENDATIONS BY MERRICK BOBB AND OFFICE OF INDEPENDENT REVIEW  
REGARDING THE JAIL SYSTEM

The CMTF Mission is to assess and transform the culture of the custody facilities in order to provide a safe, secure learning environment for our Department personnel and the inmates placed in the Department's care. The CMTF's purpose is to empower Department personnel to provide a level of professionalism and serve the needs of inmates consistent with the Department's "Core Values."

The CMTF's responsibilities and goals included promoting community trust, reducing jail violence by changing the deputy culture of the custody environment, encouraging respect based communications with inmates, reviewing and implementing new training for staff assigned to the jails, preparing and revising all directives/policies necessary to implement Special Counsel Merrick Bobb/OIR recommendations, analyzing force incidents and developing and implementing a custodial career path.

The CMTF and Custody Support Services have been working collaboratively to fulfill recommendation requests made by the American Civil Liberties Union (ACLU), Special Counsel Merrick Bobb, the OIR, and the Los Angeles County Board of Supervisors, which pertain to the Jails.

- XIII. Sheriff to work with the Chief Executive Office to immediately study the feasibility of purchasing officer worn video cameras for all custody personnel to use, to identify potential funding for this purpose, and develop appropriate policies and procedures for the use of these cameras. Policies should include a requirement that custody personnel record all interactions with inmates, including Title 15 checks, any movement throughout the jail facilities and any use of force. Each failure to record or immediately report any use of force against inmates must be appropriately disciplined.**

Recommendation completed.

The Department conducted a six month "Proof of Concept" in order to determine whether there is a practical use for Personal Video Recording Devices (PVRD) in Custody Operations Divisions.

The Department received and issued 30 PVRD's for the pilot program. The CMTF drafted a guideline, and conducted training for the volunteer deputies involved in the program. The PVRD's were worn by deputies interacting with inmates at MCJ and TTCF. The Department conducted testing of PVRD models from two different manufacturers. The pilot program, which began on February 26, 2012, was completed on August 3, 2012. The Department provided your

RECOMMENDATIONS BY MERRICK BOBB AND OFFICE OF INDEPENDENT REVIEW  
REGARDING THE JAIL SYSTEM

Board with a preliminary report on the pilot program on September 18, 2012, and followed up with an extensive report on November 2, 2012. The Department recommended at that time a limited deployment of cameras to supervisors only to be used during escorts and other high risk operations.

The technology in this area is rapidly changing. The Department is currently testing some compact pocket sized video cameras that have been issued to selected supervisors at Twin Towers Correctional Facility (TTCF).

The Department believes that the risk of investing in a technology that is rapidly evolving would likely mean that whatever product is purchased may be outdated before it is even deployed. While having supervisors carry video cameras with them at all times would be desirable, the Department believes that expanding the current "fixed" camera system to all facilities would prove to be a better use of resources at this time. The fixed cameras would capture nearly all force events, not just the ones that supervisors were present for. The Department would like to revisit the portable camera solutions in the future when the technology has matured, standards have been established, and prices have dropped. The Department is seeking funding for additional "fixed" cameras for all facilities.

**XIV. Consider the feasibility of targeted and random undercover sting operations performed in custody facilities to ensure deputies are working within policy.**

As reported in closed session.

The Sheriff discussed this motion during the November 1, 2011, closed session meeting.

**XV. Consider a "roll-out team" to investigate when there is a use of force in a custody facility.**

Recommendation implemented.

Beginning November 2011, the Department created the CFRT, comprised of eight sergeants and a lieutenant, who are tasked with responding to selected custody facility force incidents.

The CMTF created set criteria that mandate facility watch commanders to contact the CFRT and request a response. The CFRT sergeant will oversee and assist in the force documentation for the facility. In the course of reviewing the incident, the CFRT sergeant shall give specific direction to the handling

RECOMMENDATIONS BY MERRICK BOBB AND OFFICE OF INDEPENDENT REVIEW  
REGARDING THE JAIL SYSTEM

supervisor. If any policy violations are discovered, the CFRT will immediately assume responsibility of the force investigation and initiate an IAB investigation.

All incidents requiring a CFRT response will be reviewed by a newly formed CFRC comprised of three commanders assigned to Custody Division. The CFRC has the authority to order additional investigation, make recommendations, or request an IAB investigation if there appears to be a possible violation of Department policy.

*The table below illustrates the frequency of CFRT responses:*

<b><i>Time</i></b>	<b><i>Notifications</i></b>	<b><i>Responses</i></b>
<i>Since Inception (11/2011)</i>	355	158
<i>2012</i>	193	100
<i>2013</i>	133	46

*\* As of September 7, 2013*

The remaining cases that the CFRT did not respond to did not meet the CFRT response criteria.

**XVI. Report back in 30 days on the hiring standards for deputy sheriffs and how they changed during the last hiring push.**

Recommendation completed - a full report on the hiring standards was provided in the November 1, 2011, letter.

**XVII. Consider a two-track career path for deputies, patrol deputies and custody deputies.**

Recommendation Implemented.

On December 16, 2011, the Department concluded an extensive two-month study which analyzed different methods of implementing a two-track career path within the Department. These study results were presented to the CEO, ALADS, PPOA, and the Public Safety Cluster Agenda Review meetings on February 8, 2012, and October 24, 2012.

The Department formed a subject matter expert working group to update the current sergeant and lieutenant classifications for the Dual Track proposal, and also worked with the CEOs Classification Unit regarding its implementation.

RECOMMENDATIONS BY MERRICK BOBB AND OFFICE OF INDEPENDENT REVIEW  
REGARDING THE JAIL SYSTEM

As of January 2, 2013, PPOA had entered an agreement and amended the MOU with the Department for implementation of the Dual Track proposal. On February 1, 2013, the Department implemented the Dual Track plan.

**XVIII. Review existing policy of assigning new deputies to custody functions, specifically, the length of time spent in custody and the hiring trend as its primary determining factor, and revise the policy to reduce the length of time deputies serve in custody.**

Recommendation Implemented.

On October 28, 2011, the Department authorized custody personnel to initiate extensions if they desire to remain in their current assignment.

As noted in the above item, recommendations for a two-track career path were presented to the CEO, ALADS, Professional Peace Officers Association, and the Public Safety CARs meetings on February 8, 2012, and October 24, 2012, which will reduce the length of time deputies, serve in custody.

The Department implemented the Dual Track plan on February 1, 2013.
